XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

Welcome Letter from the Presidents

Dear colleagues and friends,

It is my privilege and honor to welcome you to invite in the **24th World Congress of Asthma – WCA-2018** in Tokyo, Japan, organized by the Asthma Global Association-INTERASMA, from October 3 through October 6, 2018.

WCA brings together specialists, physicians and healthcare professionals from all over the world to share valuable scientific knowledge on asthma, ranging from diagnostic and therapeutic tools and techniques to leading-edge research. WCA has been very popular, resulting in highly successful & well attended congresses with outstanding scientific programs. The **24th World Congress of Asthma – WCA-2018** will not be an exception.

INTERASMA is celebrating its 62nd anniversary of uninterrupted education in the field of asthma, making it the most important international asthma and related diseases organization in the world, as well as a reference organization for primary care physicians, healthcare providers and medical students.

Tokyo, officially Tokyo Metropolis, is the capital city of Japan and one of its 47 prefectures. The Greater Tokyo Area is the most populous metropolitan area in the world. It is the seat of the Emperor of Japan and the Japanese government. Tokyo is in the Kantō region on the southeastern side of the main island Honshu and includes Ogasawara Islands. Tokyo is often referred to as a city, but is officially known and governed as a “metropolitan prefecture”, which differs from and combines elements of a city and a prefecture, a characteristic unique to Tokyo.

Tokyo has many museums. In Ueno Park, there is the Tokyo National Museum, the country’s largest museum specializing in traditional Japanese art; the National Museum of Western Art and Ueno Zoo. Other museums include the National Museum of Emerging Science and Innovation in Odaiba; the Edo-Tokyo Museum in Sumida, across the Sumida River from the center of Tokyo; the Nezu Museum in Aoyama; and the National Diet Library, National Archives, and the National Museum of Modern Art, which are near the Imperial Palace.

Tokyo has many theatres for performing arts. These include national and private theatres for traditional forms of Japanese drama. Noteworthy are the National Noh Theatre and the Kabuki-za for kabuki. Symphony orchestras and other musical organizations perform modern and traditional music. Tokyo also hosts modern Japanese and international pop and rock music at venues ranging in size from intimate clubs to internationally known arenas such as the Nippon Budokan.

It will be our pleasure to welcome you to Tokyo, Japan, on October 2018.

Sincerely,

Professor Lawrence DuBuske
President of GAA Interasma

Professor Ken Ohta
President of the Local Organizing Committee

**XXIV World Congress of Asthma**

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

**GAA Interasma Board of Directors
Executive Committee**

President	Lawrence DuBuske, USA
President Elect	Louis Philippe Boulet, Canada
First Vice President	Jonathan Bernstein, USA
Second Vice President	Nelson Rosario, Brasil
Chief Executive Director & Immediate Past President	Giorgio Walter Canonica, Italy
Past Past President	Carlos Baena-Cagnani, Argentina
Secretary General	Fulvio Braidò, Italy
Treasurer	Ignacio Ansotegui, Spain
Historian	Carlos Nunes, Portugal
A.M.C.	Niki Gargassoula, Greece

Members At Large

Alvaro Cruz, *Brasil*
Sandra Gonzalez-Diaz, *Mexico*
Georgii Gudima, *Russia*
Juan Carlos Ivancevich, *Argentina*
Piotr Kuna, *Poland*
Catherine Lemiere, *Canada*
Shigenori Nakajima, *Japan*
Ken Ohta, *Japan*
Helen Reddel, *Australia*
Gustavo Rodrigo, *Uruguay*
Michael Wechsler, *USA*
Arzu Yorgancioglu, *Turkey*

Adjunct Members

Juan Celedon, *USA*
Kunio Dobashi, *Japan*
Fernando Holguin, *USA*
Giovanni Passalacqua, *Italy*
Ruby Pawankar, *Japan*
Francesca Puggioni, *Italy*
Osman Yusuf, *UK*
Mario Zernotti, *Argentina*

Takahiko Horiguchi

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

CONGRESS TOPICS

ACUTE ASTHMA

Causes and risk factors
Management and prevention
Lessons from emergency room management of asthma

ALLERGEN IMMUNOTHERAPY

Current standards
Oral immunotherapy update
Role of SLIT in asthma

ALLERGIC RHINITIS IMPACT ON ASTHMA

Shared pathophysiology of allergic rhinitis and asthma
Impact of allergic rhinitis therapies in asthma
Allergen immunotherapy in asthma
Sub lingual allergen immunotherapy for dust mite in asthma and allergic rhinitis
Safety of subcutaneous versus sublingual immunotherapy in asthma

ALLERGY

Allergy testing
Aero-allergens and airways
The ARIA initiative

ANAPHYLAXIS

Pathophysiology
Food allergy
Venom allergy
Drug allergy
Treatment paradigms for anaphylaxis

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

ASTHMA AND COPD

Role of eosinophils in ACOS

Role of Th2 inflammation in ACOS

Heterogeneity of immune pathogenesis of asthma and COPD

Assessment of benefits of new LAMAs in asthma and COPD

ICS plus LABA plus LAMA in asthma and COPD

Role of new biologicals in COPD

ASTHMA AND SPECIFIC CONDITIONS AND POPULATIONS

Asthma and pregnancy

Asthma in the elderly

Managing allergy & asthma in resource poor settings

War-time asthma: Lessons from Syria

Asthma in children less than 5 years old

Asthma in teenagers

ASTHMA CO-MORBIDITIES

Asthma and rhinitis

Asthma and upper airways dysfunction

Obesity and asthma

Asthma and psychological problems

The asthma-COPD overlap

Atopic dermatitis

Chronic rhinosinusitis and Th2 inflammation

ASTHMA DIAGNOSIS

Under and overtreatment of asthma

Standards for the diagnosis of asthma

Pulmonary function tests

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

ASTHMA EPIDEMIOLOGY

Incidence and prevalence of asthma in the world
Morbidity and mortality from asthma
Lung function decline and its determinants
Age and gender differences
Natural history of asthma: Can it be altered
Asthma remissions
Does the “hygiene hypothesis” still hold?

ASTHMA PATHOPHYSIOLOGY

Airway inflammation
Epithelial dysfunction
Airway remodeling
Neurogenic factors

ASTHMA PHENOTYPES

Asthma phenotyping: Practical aspects
Asthma endotyping: Is it worth doing ?
Severe asthma
Occupational asthma
Asthma in the athlete
Eosinophilic asthma
Non-eosinophilic asthma
Cluster analysis of asthma phenotypes
Th17 immune responses in asthma
Innate lymphocyte type 2 driven asthma
Aspirin exacerbated respiratory disease

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

ASTHMA TREATMENT

Adherence to therapy: A major asthma management problem

Inhaler techniques

Initial treatment of asthma: When to introduce ICS ?

New inhalers

Future treatment of asthma

Non-pharmacologic asthma therapies

Efficacy of bronchothermoplasty in asthma

LAMA versus LABA for asthma

Allergic moderate to severe asthma treatment options

Impact of new asthma biologicals on asthma exacerbations and lung function

ATOPIC DERMATITIS

Pathophysiology- similarities and differences from asthma

The allergic March

New therapies- topical

New therapies- biologics

CLINICAL ASPECTS OF ASTHMA: THE PATIENT PERSPECTIVE

Perception of asthma symptoms

Patients' expectations

Patient opinions on asthma treatment

The expert patient

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

DRUGS FOR ASTHMA AND COPD

β 2-agonists
Inhaled corticosteroids
Anti-cholinergics
Leukotriene antagonists
Combination therapies (double and triple combinations)
Monoclonal antibodies

EDUCATIONAL INTERVENTIONS

Asthma education and knowledge translation
Educational interventions in COPD
Motivational interview
Shared-decision making
The asthma action plan
Role of the expert-patient
Training educators

ENVIRONMENTAL FACTORS AND ASTHMA

Allergens
Workplace inhalants
Air pollution
Weather conditions (thunderstorms)
Climate change

FOOD ALLERGY

New developments
Management
Role in asthma
Peanut allergy therapeutic approaches

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

GINA AND GOLD 2018 UPDATE

New GINA report

New GOLD report

Asthma-COPD overlap report

GINA-GOLD implementation program

MAST CELL ACTIVATION SYNDROME

Pathophysiology

Associated conditions

Diagnostic criteria

Differential diagnosis

Treatment options

NON-INVASIVE AIRWAY INFLAMMATION ASSESSMENT

Induced sputum analysis

Exhaled NO measures

PRECISION MEDICINE

Personalized medicine: How to make it happen

Biomarkers of asthma

Targeting asthma therapy

IL5 versus IgE as a therapeutics target in asthma

- Anti-IgE
- Anti-IL5
- Other cytokines antagonists

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

RESPIRATORY INFECTIONS AND ASTHMA

Bacterial infections

Viral infections

Other agents

Influence of vaccination

RISK FACTORS OF ASTHMA

Vitamin deficiency and nutritional factors

Smoking (direct and secondary)

Exposure to bacteria (microbiome)

Genetic factors

SEVERE ASTHMA

Assessment of severe asthma

Management of difficult-to-control asthma

Severe pediatric asthma

New monoclonal antibodies

Thermoplasty update

Can we predict response to therapies

New therapies to come

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

CALL FOR ABSTRACTS

Call for abstracts

The Scientific Committee welcomes the electronic submission of Abstracts to meet International Ethical Standards for Oral or e-Poster Presentations at the World Congress of Asthma 2018. All submitted abstracts will be evaluated by the Reviewers who deserve the right to propose a different type of presentation than the one selected by the Author. The abstracts will be published on CD-ROM and will be available for download on the WCA-2018 website. If the abstract is accepted, copyright will be held by Interasma.

For more information please contact abstracts@wca-2018.com

REGISTRATION

Categories	Early Bird until July 31, 2018	Medium from August 1, 2018	Late/onsite from Sept 16, 2018
Members	550 €	680 €	750 €
Non Members	650 €	750 €	850 €
Allied Professionals*	400 €	440 €	490 €
Trainees**	350 €	380 €	420 €
Japanese Society Members	400 €	450 €	500 €
Japanese Non Members	450 €	500 €	550 €
Students	0 €	50 €	100 €

Registration for Specialists, Residents and Other Health Professionals includes:

- Access to the Congress scientific sessions
- Access to the Exhibition & Poster area
- Congress bag & documentation
- Lunches (as will be indicated)
- Coffee Breaks
- Welcome & Closing Reception access

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

Registration for Students includes:

- Access to the Congress scientific sessions
- Access to the Exhibition & Poster area
- Program at a glance
- Certificate of attendance

* Available for: Allied health professionals such as nurses, physiotherapists, technologists, non clinical scientists undertaking lung-related research, post-graduate, not medically qualified, and not directly involved in patient care.

** Registration fee applies for those under the age of 35. Trainees should provide a letter from their employer/institution.

Cancellation Policy

Cancellations of confirmed registrations are subject to a charge of 75€ per participant, provided the notice of cancellation is received no later than August 15, 2018. No refunds will be made for cancellations received after this date.

Name Change

Replacements (=delegate name change) of confirmed registrations after August 15, 2018 are subject to an administrative fee of 25€ per participant.

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

PRELIMINARY PROGRAMME

October 3th

09:00

Registration

10:00 - 11:30

Asthma

Chairs: Canonica G.W., Adachi M., Fujisawa T.

Asthma: General management

J. Christian Virchow, *Germany*

Eosinophilic & non-eosinophilic asthma

Nelson Rosario, *Brazil*

Patient's expectation on asthma treatment

Fulvio Braido, *Italy*

Asthma plan

Chairs: Ansotegui I., Tanaka Y., Nakamura Y.

Asthma education and knowledge translation

Louis Philippe Boulet, *Canada*

Shared decision making

Yoon-Seok Chang, *Korea*

The choice of anti-IL-5 in asthma

Marina Labor, *Croatia*

11:30 - 12:30

Plenary lectures

Chairs: Ho Joo Yoon, Hasegawa Y., Ichinose M.

Asthma-COPD overlap: Implication for therapy • **Peter Barnes**, *UK*

Allergic Rhinitis: Today and tomorrow • **Jean Bousquet**, *France*

12:30 - 12:45

Break

12:45 - 13:45

Luncheon Seminar

13:45 - 14:00

Break

14:00 - 15:00

Asthma exacerbations

Chairs: Boulet L.P., Muraki M., Munakata M.

Effect of air pollution on allergic rhinitis and asthma

Ignacio Ansotegui, *Spain*

Causes and risk factors

Hiromasa Inoue, *Japan*

Asthma treatable traits

Chairs: Bride F., Sugiyama H., Tanaka A.

Bronchothermoplasty in asthma

Michael Wechsler, *USA*

Molecular diagnosis of allergic sensitization in patients with respiratory diseases

Mario Sanchez Borges, *Venezuela*

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

GENERAL INFORMATION

Congress Venue

Keio Plaza Hotel 2-2-1 Nishi-Shinjuku, Shinjuku-Ku, Tokyo 160-8330 Japan

Climate

Fall (autumn) in Japan lasts from about mid-September to early December, depending on the location. Autumn is widely considered to be the most pleasant time (weather-wise) to visit Japan, with temperatures ranging from 12-18°C approximately.

Dress Code

The dress code will be Semiformal throughout the Congress.

Currency

The currency in Japan is yen, denoted by ¥. Coins come in denominations of ¥1, ¥5, ¥10, ¥50, ¥100, and ¥500.

Language

The official language of the Congress is English.

Local Time

The time zone in Tokyo is JST (Japan Standard Time) UTC/GMT +9 hours.

Visa

Any foreign visitor who wishes to enter Japan must have a passport, which will remain valid during the period of stay. In order to enter Japan, visitors usually must comply with the conditions of their visas and authorizations of resident eligibility. However, visa exemptions can be made for citizens of sixty-six different countries provided that their stays are within ninety days such as with stays for sightseeing purposes and that they do not engage in activities where they earn compensation. This page provides information on short stays. Revisions in visa conditions are made periodically. Therefore, please check the "Visa" section in the Ministry of Foreign Affairs of Japan website if the latest and detailed information on standard visas or visas other than for those for short stay programs is needed.

Travel and Health Insurance

It is strongly recommended that all participants purchase adequate coverage for health, travel and private liability insurance before departing from their home countries. The Organizers will not accept responsibility for personal injury, loss or damage to private, personal property of participants, accompanying persons and exhibitors.

XXIV World Congress of Asthma

OCTOBER 3-6, 2018, Keio Plaza Hotel
Tokyo, Japan

About Tokyo

Tokyo, a metropolis like no other, offers you unique and inspiring moment by the marvelous mixture of traditional and contemporary attractions.

The most popular historical place is Asakusa's Sensoji Temple and Nakamise Road, a colourful street of festive stalls, which are always bustling with local worshippers and tourists alike. Many UNESCO Intangible Cultural Heritage productions in the world-famous arts of Kabuki, Bunraku, and Noh are offered at various theatres. Visitors can also observe and practice the Zen-inspired tea ceremony, as well as Ikebana, an elegant traditional form of flower arrangement.

At the same time, Tokyo is a growing megalopolis bursting with ideas and innovation. Throughout the city are examples of ultra-modern and glass-walled skyscrapers, like the magnificent Tokyo Metropolitan Government building near Shinjuku Station. The sights and sounds of Western music and youth culture keep Shibuya constantly vibrant, and the bustle of modern business means things are never slow in the Shinagawa area. The Ginza and Yurakucho areas are the heart of big business and gorgeous architecture. The Omotesando Hills complex (designed by Tadao Ando), Tokyo Midtown, Shiodome skyscrapers, and the TOKYO SKYTREE are all symbolic of Japan's ever-furthering venture for modernity.

Autumn in Tokyo is one of the most pleasant seasons, as temperatures are neither too cold nor too hot, and you often are treated to fine days with clear skies*. Chrysanthemums, the national flower, bloom to create beautiful displays of abundant flora that enchant visitors.
